

# CCOF

Advancing organic agriculture through certification, education, advocacy, and promotion.

## Crop Update

- ▶ List crops currently grown (or planned to be grown) on your certified parcel(s) and list the acreage for each crop. You may include all crop rotations planned for the next 12 months. Attach an additional list if necessary.
- ▶ Submit your completed form to [inbox@ccof.org](mailto:inbox@ccof.org)
- ▶ **Only crops listed on your Client Profile, and harvested from parcels listed on your Client Profile, may be sold or represented as organic.** If you plan to feed a crop to organic livestock, the crop is not certified organic until it is listed on the client profile. Do not feed a crop to organic livestock until it is listed on the client profile.
