GROWER MATERIALS APPLICATION (OSP MATERIALS LIST)

Operation Name: _____ **Date:** _____

***All materials must be approved by CCOF for your operation prior to use**. Producers may use materials allowed under the National Organic Program (NOP) standards. Check the NOP standards or the Organic Materials Review Institute (OMRI) Generic Materials List at www.omri.org for allowed synthetic substances and restrictions on certain natural and synthetic substances.*

A. Materials

☐ Not Applicable, no materials/inputs of any kind used

► **Submit this form with your initial application** to describe all materials used or planned for use at your operation. CCOF will review all materials listed and provide you with a copy of your Organic System Plan Materials List (OSP Materials List, or OSP ML) that includes those materials approved for your operation.

► **To add or remove materials after your initial application**, you will update your OSP ML directly and submit it to CCOF for approval (or will otherwise notify CCOF staff). CCOF may require additional information upon review of some materials to protect you and help ensure you do not use materials that will negatively affect your organic certification.

► **To gain CCOF approval for any material, you must request to have it added to your OSP ML** (either by updating and submitting this form or your OSP ML, or by otherwise notifying CCOF staff), **and it must either:**

- Appear in the current Organic Materials Review Institute (OMRI) Brand Products List at www.omri.org, OR
- Appear in the Washington State Department of Agriculture (WSDA) Brand Name Material list at http://agr.wa.gov/FoodAnimal/Organic/MaterialsLists.aspxmaterial, OR
- Appear in the California Department of Food and Agriculture (CDFA) Organic Input Material (OIM) Program, OR
- Be reviewed and approved by CCOF. 100% of the ingredients must be reviewed.

Provide the names of ALL crop input materials you use or plan to use for inclusion on your OSP Materials List. Please include all fertilizers, pest or disease control materials, compost products, manure products, inoculants, growing media/substrate/planting mix, adjuvants, etc.
