Advancing organic agriculture through certification, education, advocacy, and promotion.

Transfer Certification to CCOF

As the leader in organic certification, CCOF provides the highest level of service, support, and integrity. CCOF provides superior value to our members through trade association benefits and service excellence, while providing one of the most respected and recognized certifications in the organic marketplace. We are happy to serve you and look forward to meeting your needs.

- ▶ **If you are currently certified with a certification agency other than CCOF, and would like to be certified with CCOF, the normal \$350 application fee will be waived.**
- ▶ If transferring your USDA organic certification to CCOF will create significant hardship or cost due to the need to change the certifier identified on your retail labels, CCOF can help! We may be able to offer significant fee reductions or waivers that will allow you to maintain dual certification in a cost-effective manner, while you use up old labels and make new labels identifying CCOF as the certifier.

CCOF can only provide a discount to operations that are currently certified and submit all necessary information to CCOF. Submission of this form alone is not adequate. **To begin the transfer to CCOF, please send:**

- 1) This form
 - 2) Certificate from your current certification agency
 - 3) CCOF Application Form
 - 4) CCOF Organic System Plan
- ▶ All CCOF forms are available at www.ccof.org/documents or by calling 831-423-2263.
- Please allow at least 90 days from the day you submit these documents to CCOF and the expiration of your current certification.** If you need CCOF certification in a shorter time frame, please consider enrolling in the CCOF Expedited Services Program.

A. Operation Details

- 1) Business Name: _____
- 2) Is your operation (choose one):
 - Certified Certified with open non-compliance(s). *See 2a below.*
 - Certified with open settlement agreement. *See 2a below.*
 - Certified with open proposed suspension or revocation. *See 2a & 2b below.*

B. Release of Previous Certification Information & Documents

My signature below authorizes my previous certifier (named above) to release all certification documents, including inspection reports, organic system plans, compliance notices and/or any other documents relating to my previous organic certification process, to CCOF Certification Services, LLC.

Name/Title	Signature	Date
<p>► Certification is dependent on organic standards compliance as assessed by CCOF during the application, inspection, and review process. Where CCOF interpretations or policy positions conflict with your existing certification, CCOF will try to provide reasonable time frames to bring your operation into compliance. CCOF cannot allow the use of prohibited materials or practices, even if previously approved by another certifier.</p>
